WIRELESS TELECOMMUNICATIONS BUREAU ANNOUNCES SCHEDULE FOR IMPLEMENTATION OF FCC FORM 600

The Federal Communications Commission (FCC) has received an Emergency Petition for Stay from the National Association of Business and Educational Radio, Inc. (NABER) requesting that the Commission stay the January 2, 1995 effective date of the FCC Form 600. Several other parties, including the Utilities Telecommunications Council and the Association of Public-Safety Communications Officials, have submitted comments supporting the NABER petition. In response to the NABER petition, the Wireless Telecommunications Bureau is taking the following steps to ensure a smooth transition to use of the Form 600 for all mobile services applicants:

1. The effective date of the Form 600 remains January 2, 1995, as provided in the Third Report and Order in GN Docket No. 93-252. The Commission will begin accepting Form 600 applications on this date from all mobile services applicants who are eligible to use the form. (GMRS applicants will continue to use Form 574.)
2. For ninety (90) days after the effective date of the Form 600, i.e., until April 2, 1995, applicants for mobile services other than Personal Communications Services (PCS) may submit applications on the form previously used for the service, i.e., Form 401 or Form 574. Applicants who elect to file on the old forms during this transition period will be required to pay the application fee associated with the Form 600 for their particular service.
3. All applicants for narrowband and broadband PCS licenses filing "long form" applications on or after January 2, 1995 must do so on Form 600.
4. Beginning on April 3, 1995, the Commission will discontinue accepting Form 401 and Form 574 from all mobile service applicants (except for GMRS applicants) and will require all such applications to be filed on Form 600.

5. Applicants in the Business Radio, Specialized Mobile Radio, 220-222 MHz Land Mobile, and private paging services who elect to use the Form 574 during the 90-day transition period will be required to supplement the form with additional information from the Form 600 relating to the nature of their service for purposes of classification as Commercial Mobile Radio Service (CMRS) or Private Mobile Radio Service (PMRS). Applicants who are classified as PMRS on a "grandfathered" basis until August 10, 1996, must also provide this information for purposes of future reclassification. To fulfill this requirement, applicants must answer Questions 22 through 25 on the Form 600 main form and submit the main form as an attachment to the Form 574. (A sample of the Form 600 main form is attached to this Notice.) In addition, applicants in these services who will be classified as CMRS (whether immediately or after August 10, 1996) must answer and submit Questions 30 through 33 on the Form 600 main form relating to alien ownership.

6. Form 600 has received approval from the Office of Management and Budget and copies will be made available to the public shortly through the Forms Distribution Center (1-800-418-FORM) and the Commission's copy contractor, International Transcription Services, Inc. (202-857-3800). In addition, arrangements are being made include the form in the Commission's recently-created "fax-on-demand" program and to put the form on the Internet. Details concerning the availability of the form and how to obtain it will be provided by a subsequent Public Notice.

Action by Chief, Wireless Telecommunications Bureau.
